Dear Sir:

Responsive to the December 7, 2004 telephonic request by the Examiner to provide additional information regarding the assignment for the above-identified application, applicants submit a copy of the assignment from the parent application, serial no. 09/900,377, which issued as U.S. Patent No. 6,688,329, along with a copy of the notice of recordation of that assignment.

As noted in the assignment, inventors Lyons and Murray assigned the entire right, title, and interest in the invention, including any and all other applications for Letters Patent on the invention, which includes divisional, renewal, substitute, continuation, and Convention applications based in whole or in part upon the invention, to C. Cowles & Company.

2

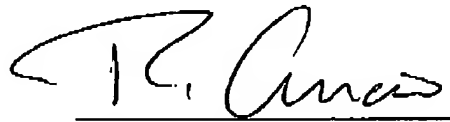

This assignment was recorded on July 6, 2001 under Reel/Frame No. 011983/0788.

By virtue of the assignment in the parent application, Richard Lyons, an officer of C. Cowles & Company of 83 Water Street, New Haven, Connecticut 06511, has the authority pursuant to 37 C.F.R. § 3.73(b) to sign the terminal disclaimer on behalf of the assignee, C. Cowles & Company.

We trust that this additional information will put the application in a condition for allowance.

Any questions or comments may be directed to the undersigned.

Respectfully submitted,

Robert Curcio

ASSIGNMENT

WHEREAS, we, Christopher L. Murray and Richard A. Lyons, who reside respectively at 65 Monteith Street, West Haven, Connecticut 06516 and 65 Jackson Road, Hamden, Connecticut 06517 have certain interests and rights in and to inventions and discoveries set forth in an application for Letters Patent of the United States of America entitled "WATER FEEDER CONTROLLER FOR BOILER", which application was executed by us on the 3rd day of July, 2001, and is identified by DeLIO & PETERSON, LLC Docket No. CWL100005000.

WHEREAS, C. Cowles & Company, a Connecticut Corporation, whose address is 83 Water Street, New Haven, Connecticut 06511, together with its successors and assigns is hereinafter called "Assignee", is desirous of acquiring the title, rights and benefits and privileges hereinafter recited:

NOW, THEREFORE, for valuable consideration furnished by Assignee to us, the receipt and sufficiency of which we hereby acknowledge, we hereby, without reservation:

1. Assign, transfer and convey to Assignee the entire right, title and interest in and to said inventions and discoveries, said application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or discoveries, or upon said applications, and any and all Letters Patent and reissues and extensions of Letters Patent granted for said inventions and discoveries or upon said applications and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications and said Letters Patent;

2. Authorize Assignee to file patent applications in any or all countries on any or all of said inventions and discoveries in our name or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;

3. Authorize and request the Commissioner of Patents of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title and interest therein or otherwise as Assignee may direct;

4. Warrant that we have not knowingly conveyed to others any right in said inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said inventions or discoveries; and that we have good right to assign the same to assignee without encumbrance;

5. Bind our heirs, legal representatives and assigns, as well as ourselves, to do, upon Assignee's request and at its expense, but without additional consideration to us or it, all acts reasonably serving to assure that said inventions and discoveries, said patent applications and said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by us, our heirs, legal representatives and assigns if this assignment had not been made; and particularly to

-2-

execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to us relating to said inventions and discoveries or the history thereof, and to furnish Assignee with any and all documents, photographs, models, samples and other physical exhibits in our control or in the control of our heirs, legal representatives or assigns and which may be useful for establishing the facts of our conceptions, disclosures, and reduction to practice of said inventions and discoveries.

In testimony of which we have signed our name below, this 3 day of July, 2001.
